Curricular Practical Training
REVISED 08/2020

Curricular Practical Training (CPT) is a benefit of F-1 status which allows F-1 degree seeking students the opportunity for employment which is temporary and directly related to the student’s academic curriculum. [8CFR 214.2(f)(10)(i)] In some cases, the employment may be full time and off campus. Prior to beginning employment, the student must receive permission from the Designated School Official in the Office of International Programs and a new I-20 noting the details of the CPT approval.

Although CPT cases are reviewed on an individual basis by the International Programs Advisor, there are a few guidelines to keep in mind when considering CPT. CPT Employment can be approved only while a student is pursuing a degree. Once the student has completed all program requirements, he/she is no longer eligible for CPT. A program extension may not be requested for the sole purpose of engaging in CPT. Curricular Practical Training is for specific offers of employment. Thus, a job offer is required before the case may be approved.

PRE-REQUIREMENTS FOR SUBMITTING APPLICATION

- Possess a valid passport
- Maintain F-1 status for one academic year (two semesters)*
  * Graduate students enrolled in a program that requires immediate participation in an internship may apply at any time.

FULL-TIME AND PART-TIME CPT

CPT can be authorized for full-time employment, more than 20 hours per week, or part-time employment, 20 or fewer hours per week, however, the student must be simultaneously enrolled for sufficient credit hours to maintain lawful F-1 status. The cumulative use of full-time CPT for twelve months or more negates a student’s eligibility for any OPT. Part-time CPT does not affect a student’s eligibility for OPT.

ELIGIBILITY REQUIREMENTS

To meet the requirements for curricular practical training, the employment must be:

- related to student’s major field of study
- appropriate to student’s degree level
- an integral part of student’s degree program
- required by student’s degree program or carry course credit or be essential for gathering research for the student’s thesis/dissertation

Curricular Practical Training Recommendation

MUST BE COMPLETED BY ACADEMIC ADVISOR OR DEPARTMENT CHAIR

Curricular Practical Training (CPT) is a benefit of F-1 status which allows F-1 degree seeking students the opportunity for employment which is temporary and directly related to the student’s academic curriculum. [8CFR 214.2(f)(10)(i)] In some cases, the employment may be full-time and off campus. Prior to beginning employment, the student must receive permission from the Designated School Official in the Office of International Programs and a new I-20 noting the details of the CPT approval.

CPT Recommended for (Name of Student):

Name of Company where services will be performed:

Number of Hours to be worked per week: ______ Has the student finished all program requirements? ______

Expected completion date of degree requirements: ________________ Will participation in this CPT experience delay the student’s ability to complete the degree program by the current I-20 end date? ________________

I recommend authorization for the following time-period: from ________________ to ________________

(The time period may not exceed one semester)

My recommendation is based on the following (check only one):

☐ (Category 1) This experience is part of the regular requirement for a course. The student is currently registered for this course.

<table>
<thead>
<tr>
<th>Course number</th>
<th>Name of course</th>
<th>Semester hours</th>
</tr>
</thead>
</table>

☐ (Category 2) This experience is to gather data for required thesis or dissertation research; the work experience is an essential part of the research project; the research would not be possible without engaging in CPT-employment. CPT is not intended as an avenue for gaining “general experience”. As such the duration of the research-focused CPT is to be limited to the time required to meet the particular research requirement.

How does the CPT meet the academic objective of this student’s program and how will progress be monitored? Attach letter if more room is needed.
